No 903/924-02-1466

Date: December 18th, 2013

To all dealers and customers

Minsk Tractor Works (MTW) would like to clarify our position regarding distribution of our tractors and parts in USA / CANADA.

- MTZ Equipment Ltd ([www.mtzequipment.com](http://www.mtzequipment.com) Tel: 1-855-2GO-4MTZ) is the only authorized distributor of MTW tractors in USA / Canada.

- Only tractors provided through MTZ Equipment Ltd are warranted by us for emissions compliance.

- Only tractors and parts provided through MTZ Equipment Ltd are covered by our warranty.

- Milwaukee based "Belarus Tractors International" ([www.belarus.com](http://www.belarus.com) Tel: 1-800-356-2336) have no relation to our factory. They are not authorized to sell or service any of our products.

We are strongly recommending all dealers and customers to work only with our authorized distributor MTZ Equipment Ltd.

That is the only way for the clients to protect themselves and ensure proper compliance with Environmental regulations, warranty coverage, and factory original parts.

Please contact us for any questions you may have in regards.

Yours,

Dimitry Schasniy  
*Head of commercial  
department for foreign countries*
