## TO WHOM IT MAY CONCERN

### The Minsk Motor Plant Power Gensets commercial offers

Dear Sirs,

The Open Joint Stock Company “MINSK MOTOR PLANT” Holding Managing Company” manufactures 2nd automation stage power gensets, with the engines of our own make, designed for operation as prime and standby power supply sources with the power load starting from 32 kW.

Our gensets are equipped with “Mecc Alte” ECO (Italy) alternators providing 3-phase power supply.

The Minsk Motor Plant offers power gensets of our own make at **FCA Minsk, INCOTERMS 2010**, prices as given below:

Genset	Without noise reduction housing, without automatic emergency power switch-on), USD	With noise reduction housing, without automatic emergency power switch-on, USD	Without noise reduction housing, with automatic emergency power switch-on, USD	With noise reduction housing, with automatic emergency power switch-on, USD
